

# Does your old burglar alarm...

see nothing?

hear nothing?

speak nothing?

## Get the NEW VIDEOFIED™ XL

Video and 2-way voice  
over Mobile Network for the price  
of your blind system.

## NEW Videofied XL Features

- Instant video of intrusion with 2-way voice over GSM mobile
- Wireless MotionViewer (sensor/camera) with true night vision
- GSM mobile communicator eliminates all VoIP, IP or PSTN connections
- Privacy assured as each MotionViewer camera is only active during alarm
- UNPLUGGED - totally wireless and no AC power needed
- Intergrated proximity card arming/disarming for ease of use
- Up to 20 cameras (sirens, reed contacts, keypads or other devices)
- 4 years battery life on panel and other devices
